Item 7.01 — Regulation FD Disclosure

On May 7, 2010, Eric Fosse, President, Pawn Americas and an executive officer of the company, entered into a prearranged trading plan to sell 12,000 shares of the company's Class A Non-Voting Common Stock in one or more open market transactions between October 2, 2010 and April 2, 2011. This plan was designed to comply with Rule 10b5-1 under the Securities Exchange Act of 1934 and the company's policies regarding stock transactions. Mr. Fosse has informed the company that these sales are part of his personal program for long-term asset diversification and tax and financial planning.

Rule 10b5-1 permits persons who may be considered company insiders to establish written prearranged stock trading plans when they are not in possession of material, nonpublic information. The plans establish predetermined trading parameters that do not permit the person adopting the plan to exercise any subsequent influence over how, when or whether to effect trades. All sales under the plans will be disclosed publicly through appropriate filings with the U.S. Securities and Exchange Commission.

The information in this Item 7.01 shall not be deemed to be incorporated by reference into any registration statement or other document pursuant to the Securities Act of 1933, as amended, unless such subsequent filing specifically references this Current Report on Form 8-K.
