Emerging growth company o

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act.  $\Box$ 

#### Item 2.02 — Results of Operations and Financial Condition

On January 31, 2018, EZCORP, Inc. issued a press release announcing its results of operations and financial condition for the quarter ended December 31, 2017. A copy of that press release is attached as Exhibit 99.1.

In addition to the financial information prepared in conformity with generally accepted accounting principles in the United States of America ("GAAP"), we provide certain other non-GAAP financial information on a constant currency basis ("constant currency"). We use constant currency results to evaluate our Latin America Pawn operations, which are denominated primarily in Mexican pesos and other Latin American currencies. As the results of Camira Administration Corp. and subsidiaries ("GPMX") are not included in fiscal 2017, such results included on a constant currency basis reflect the actual exchange rates in effect during the current quarter without adjustment. We believe that presentation of constant currency results is meaningful and useful in understanding the activities and business metrics of our Latin America Pawn operations and reflect an additional way of viewing aspects of our business that, when viewed with GAAP results, provide a more complete understanding of factors and trends affecting our business. We provide non-GAAP financial information for informational purposes and to enhance understanding of our GAAP consolidated financial statements. We use this non-GAAP financial information to evaluate and compare operating results across accounting periods. Readers should consider the information in addition to, but not instead of or superior to, our financial statements prepared in accordance with GAAP. This non-GAAP financial information may be determined or calculated differently by other companies, limiting the usefulness of those measures for comparative purposes.

The information set forth under this Item 2.02, including Exhibit 99.1, shall not be deemed "filed" for purposes of Section 18 of the Securities Exchange Act of 1934 or otherwise subject to the liabilities of that section, and shall not be deemed to be incorporated by reference in any filing made by EZCORP under the Securities Act of 1933 or the Securities Exchange Act of 1934.

#### Item 7.01 — Regulation FD Disclosure

A copy of the presentation materials that management will review during the Company's first quarter 2018 earnings conference call (to be held on February 1, 2018) will be posted in the Investor Relations section of the Company's website at <u>www.ezcorp.com</u>.

#### Item 9.01 — Financial Statements and Exhibits

David McGuire Deputy Chief Financial Officer and Chief Accounting Officer

# **EZCORP** Announces Strong First Quarter Financial Results

Earnings per share up 53%

Austin, Texas (January 31, 2018) — EZCORP, Inc. (NASDAQ: EZPW), a leading provider of pawn loans in the United States and Latin America, today announced results for its first quarter ended December 31, 2017.

All amounts in this release are from EZCORP continuing operations and in conformity with U.S. generally accepted accounting principles ("GAAP") unless otherwise noted. Comparisons shown in this release are to the same period in the prior year unless otherwise noted.

#### HIGHLIGHTS FOR FIRST QUARTER OF FISCAL 2018

- *Diluted earnings per share increased* 53% to \$0.23 Eighth consecutive quarter of year-over-year (YOY) earnings growth.
- U.S. Pawn continued profit growth Segment contribution increased 2% despite continuing impact of FY17 hurricanes.
- Latin America Pawn\* more than doubled profit Segment contribution up 114%, including strategic acquisitions.
- Strong PLO growth Total consolidated pawn loans outstanding (PLO) grew 9%, including acquired stores. Latin American Pawn same store PLO grew 16% (11% on a constant currency basis<sup>1</sup>). U.S. Pawn same store PLO increased 3% in stores unaffected by the FY17 hurricanes. Including the affected stores, U.S. Pawn same store PLO decreased 1%.
- Latin American store count increased 56% Acquired 133 pawn stores and opened four new stores in Latin America. The segment now comprises 43% of total consolidated pawn stores.
- Improved liquidity Cash and cash equivalents increased 78% to \$113.6 million, with operating cash flow in the quarter of \$17.4 million.

#### **CEO COMMENTARY AND OUTLOOK**

Chief Executive Officer Stuart Grimshaw stated, "We maintained focus and delivered significant increases in net revenues, earnings and operating cash flow by driving growth in all areas of our operations.

"Latin America was a particular bright spot, more than doubling its contribution to the bottom line. In addition to strong organic growth in our Mexico pawn business, we acquired 112 stores in countries outside of Mexico and 21 stores in the northwest portion of Mexico where we were not previously represented. These acquired stores have exceeded our expectations in the short period we have owned them, and we have ample opportunity to open and acquire more stores as we continue to grow and diversify our revenue base.

"Profits also expanded in the U.S., despite some continuing short-term impacts from last quarter's hurricanes. With gross margin expansion and continued expense control, our U.S. Pawn contribution was up 2%."

Mr. Grimshaw concluded, "Our team delivered over 50% growth in both pre-tax and after-tax earnings by executing on pawn fundamentals, expanding our revenue base in the high growth Latin American market and leveraging our systems and expense structure. Our continued focus on these initiatives provides a strong foundation for further profit growth."

<sup>1</sup>"Constant currency" basis, which is a non-GAAP measure, excludes the impact of foreign currency exchange rate fluctuations. For additional information about these calculations, as well as a reconciliation to the comparable GAAP financial measures, see "Non-GAAP Financial Information" at the end of this release.

\*We have combined the results of newly acquired stores in Guatemala, El Salvador, Honduras and Peru with the results of our Mexico pawn business (including the newly acquired Mexico stores), and that reporting segment is now referred to as "Latin America Pawn."

### CONSOLIDATED RESULTS

- Diluted earnings per share rose 53% to \$0.23. Growth and expansion in Latin America, profit growth in the U.S. and disciplined expense control drove improvement in net revenue, operating leverage and earnings.
- Consolidated PLO, the most influential driver of revenue and profitability, increased 9%.
- Net revenues improved 9% to \$122.4 million (up 9% to \$121.6 million on a constant currency basis). This was primarily due to an 11% increase in pawn service charges (PSC) and a 2% increase in merchandise sales, accompanied by a 170 bps improvement in sales margins to 37%. On a constant currency basis, PSC grew 10% and merchandise sales rose 1%.
- Store count expansion in Latin America caused consolidated operations expenses to grow 8% to \$83.6 million (up 6% to \$83.2 million on a constant currency basis). As a percentage of net revenues, operations expenses improved 100 bps to 68%.
- Corporate expenses decreased 4% to \$13.3 million, reflecting continued discipline in controlling costs.
- This quarter's income tax expense included a charge of \$2.8 million related to the revaluation of net deferred tax assets as a result of the new U.S. tax reform law enacted on December 22, 2017. An additional revaluation will be required at September 30, 2018.
- Cash and cash equivalents at the end of the quarter were \$113.6 million, up 78%. Collected \$2.8 million in principal and interest, as scheduled, on the notes receivable related to the sale of Grupo Finmart in September 2016.

# **U.S. PAWN SEGMENT RESULTS**

- Segment contribution was up 2% to \$27.8 million, despite the continued impact of the FY17 hurricanes. This was the first full quarter of operations reflecting the impact of those hurricanes on PLO, PSC and sales.
- Same store PLO increased 3% in U.S. stores unaffected by the hurricanes. Including the affected stores, same store PLO decreased 1%. Pawn loan balances in affected stores are expected to return to normal levels after the annual U.S. tax refund season.
- Net revenues remained relatively constant, reflecting the continuing impact of the FY17 hurricanes. A 2% decrease in PSC, combined with a 4% decrease in merchandise sales, was offset by a 220 bps increase in merchandise sales gross margin of 39%. The fiscal 2018 merchandise margin is expected to be within the 35%-38% target range.
- U.S. Pawn operations expenses improved 2% to \$66.3 million.

# LATIN AMERICA PAWN SEGMENT RESULTS

- Pawn store count expanded 56% with 133 pawn stores acquired and four stores opened in Latin America during the first quarter. Expect to open eight additional stores in Latin America in the second quarter of fiscal 2018.
- Segment contribution increased 114% to \$9.0 million (up 106% to \$8.7 million on a constant currency basis).
- PLO up 120% to \$31.0 million (up 114% to \$30.2 million on a constant currency basis). Same store PLO rose 16% (up 11% on a constant currency basis).
- Net revenues grew 79% to \$24.0 million, and PSC increased 109% to \$16.7 million (up 103% to \$16.2 million on a constant currency basis).
- Merchandise sales increased 33% in total and 9% on a same store basis (up 27% in total and 4% in same stores on a constant currency basis). The merchandise sales margin of 32% increased 70 bps.
- Latin America operations expenses improved to 61% of net revenues from 64% in the prior-year quarter.

## **CONFERENCE CALL**

EZCORP will host a conference call on Thursday, February 1, 2018, at 7:30am Central Time to discuss first quarter results. Analysts and institutional investors may participate on the conference call by dialing (877) 201-0168, Conference ID: 3484945, or internationally by dialing (647) 788-4901. The conference call will be webcast simultaneously to the public through this link: <u>http://investors.ezcorp.com/</u>. A replay of the conference call will be available online at <u>http://investors.ezcorp.com/</u> shortly after the call ends.

### ABOUT EZCORP

EZCORP is a leading provider of pawn loans in the United States and Latin America. It also sells merchandise, primarily collateral forfeited from pawn lending operations and used merchandise purchased from customers. EZCORP is a member of the Russell 2000 Index, S&P SmallCap 600 Index, S&P 1000 Index and Nasdaq Composite Index.

## FORWARD LOOKING STATEMENTS

This announcement contains certain forward-looking statements regarding the company's strategy, initiatives and expected performance. These statements are based on the company's current expectations as to the outcome and timing of future events. All statements, other than statements of historical facts, including all statements regarding the company's strategy, initiatives and future performance, that address activities or results that the company plans, expects, believes, projects, estimates or anticipates, will, should or may occur in the future, including future financial or operating results, are forward-looking statements. Actual results for future periods may differ materially from those expressed or implied by these forward-looking statements due to a number of uncertainties and other factors, including operating risks, liquidity risks, legislative or regulatory developments, market factors or current or future litigation. For a discussion of these and other factors affecting the company's business and prospects, see the company's annual, quarterly and other reports filed with the Securities and Exchange Commission. The company undertakes no obligation to update or revise forward-looking statements to reflect changed assumptions, the occurrence of unanticipated events or changes to future operating results over time.

# Non-GAAP Financial Information (Unaudited)

In addition to the financial information prepared in conformity with generally accepted accounting principles in the United States of America ("GAAP"), we provide certain other non-GAAP financial information on a constant currency basis ("constant currency"). We use constant currency results to evaluate our Latin America Pawn operations, which are denominated primarily in Mexican pesos and other Latin American currencies. As GPMX was not acquired until fiscal 2018, such results included on a constant currency basis reflect the actual exchange rates in effect during the current quarter without adjustment. We believe that presentation of constant currency results is meaningful and useful in understanding the activities and business metrics of our Latin America Pawn operations and reflect an additional way of viewing aspects of our business that, when viewed with GAAP results, provide a more complete understanding of factors and trends affecting our business. We provide non-GAAP financial information for informational purposes and to enhance understanding of our GAAP consolidated financial statements. We use this non-GAAP financial information to evaluate and compare operating results across accounting periods. Readers should consider the information in addition to, but not instead of or superior to, our financial statements prepared in accordance with GAAP. This non-GAAP financial information may be determined or calculated differently by other companies, limiting the usefulness of those measures for comparative purposes.

Constant currency results reported herein are calculated by translating consolidated balance sheet and consolidated statement of operations items denominated in Mexican pesos to U.S. dollars using the exchange rate from the prior-year comparable period, as opposed to the current period, in order to exclude the effects of foreign currency rate fluctuations. We used the end-of-period rate for balance sheet items and the average closing daily exchange rate on a monthly basis during the appropriate period for statement of operations items. The end-of-period Mexican peso to U.S. dollar exchange rate as of December 31, 2017 and 2016 was 19.7 to 1 and 20.7 to 1, respectively. The approximate average Mexican peso to U.S. dollar exchange rate for the three months ended December 31, 2017 and 2016 was 19.0 to 1 and 19.8 to 1, respectively.

Our statement of operations constant currency results reflect the monthly exchange rate fluctuations and so are not directly calculable from the above rates. Constant currency results, where presented, also exclude the foreign currency gain or loss. We have experienced a prolonged weakening of the Mexican peso to the U.S. dollar and may continue to experience further weakening in future reporting periods, which may adversely impact our future operating results when stated on a GAAP basis.

The following information provides reconciliations of certain non-GAAP financial measures presented in this press release to the most directly comparable financial measures calculated and presented in accordance with GAAP as of and for the three months ended December 31, 2017.
